Select "Go to My Fundraising Account" to complete your donation page and add your individual chapter.

3. Add the name for your donation page, and feel free to adjust your fundraising goal (this is visible to everyone who visits your page, but it will not change the minimum required amount of \$150 to be fundraised).
4. Select "Next Step" and optionally personalize your page by adding a profile photo, a banner photo, or adding a brief bio.
5. Select "Next Step" and note that the link provided will direct anyone to your public fundraising page. Make sure to add this link to any social media posts so that donors can automatically access your page and donate to your chapter on your behalf.
6. Select "Go to Dashboard." Here is where you'll be able to see and adjust your fundraising goal, see who donated to your fundraiser, access the links to your donation page, and most importantly, join your chapter's team.
